## Dining Al Fresco

With the sensational weather we've been having recently, I've really been enjoying having friends and family around for al fresco dining. For some reason food always tastes so much better when eaten outside! For me, entertaining in the garden is the perfect opportunity to open a bottle of bubbly! My favourite wine is Sparkling Rosé and I've recently discovered Collalto Sparkling Rosé. For me, it just tastes of Summer and its excellent quality and delicate taste makes it the perfect wine to serve on a sunny day.

## Viva Italia

I love this time of year when the sun is kind enough to shine and I can leave the kitchen door open as I prepare food! Being an Italian wine, I love to serve Collalto Sparkling Rosé with fresh, Italian style food such as fresh pasta with homemade pesto, bruschetta with grilled vegetables, and super fresh seafood. I adore Italy and travel there as often as I can. The first time I was there I visited Rome and fell in love with everything to do with Italian culture - the style, cuisine and of course the Prosecco.

## Summer plans

At the moment I'm really busy organising the Miss Universe Ireland competition which is taking place in Dublin this June. Following that, I'll be taking a well deserved relaxing weekend break in Milan. I've lots of weddings to attend this summer which I'm so excited about. And of course, there will be plenty of hen nights before the various weddings so I'm really looking forward to meeting up with the girls for fun, gossip and a few glasses of Collalto Sparkling Rosé.

## Princess Isabella Collalto de Croÿ, head of Collalto wine estate, says:

Andrea is a stylish and well travelled lady who really knows her wine. She has selected one of the finest examples of our sparkling wines, Collalto Sparkling Rosé. Collalto Sparkling Rosé is one of our most popular wines and as Andrea says it is perfect for all entertaining occasions this Summer.

Collalto is a traditional family wine estate who has not forgotten how important the soil is, the value of caring for the grapevine and making outstanding wines by using modern, up-to-date equipment and methods. These methods integrate family traditions with experience, to produce a wine which is not only an icon of its place and vintage, but also an ambassador for the patience and skills of its winemaker and the traditions of the family which has helped to create it. The Collalto family has always known that it takes more than simple science to produce a wine which is elegant and filled with a sense of place and tradition. And this, we have done for more than 1,000 years!

If you are new to Prosecco or just getting to know the wine then you should also try our Prosecco Brut.
